2023 ASAE Power of Associations Summit Award Winner

Sponsorship Opportunities

One of the year’s most impactful events, NACE’s HBCU Summit brings together leaders from HBCUs, talent acquisition, and NACE for a two-day, virtual program. Historically Black Colleges and Universities (HBCUs) are a source of accomplishment and pride for the Black community and higher education. NACE’s 4th Annual HBCU Summit will shine light on “recruitment strategies that work in a post affirmative action world.” This includes strategies used to navigate the world of HBCU student recruitment today along with leading practices and tools to do so successfully in the future. This event reveals practices that establish networks to benefit employers, HBCU career centers, and the students they serve.
